To whom this may concern:

I am a Designer at Affinity Kitchens. I had the pleasure working with Tim Nelson Construction on a major remodeling project. Tim made the remodeling process seem effortless. The final product provides clear evidence of Tim's great attention to the details: Verified all dimensions, appliance specifications, electrical and plumbing locations...

Tim's ability to complete the job on schedule and execute the details with ease was comforting. The final inspection of the remodel project was exceptional. I would highly recommend Tim Nelson Construction to our clients at Affinity Kitchens.

Thank you,
Deborah Rindal

Affinity Kitchen Design Group, Inc.

Every room can be exciting with Affinity Kitchen's innovative ideas and exquisite furniture-quality products

"Imagine the possibilities"

**And of course magnificent custom kitchens and baths*
