To Whom It May Concern:

Over the past several years, in working with Tim Nelson, we have observed his efforts to achieve excellence, not settling for "standard" or "acceptable" quality of work.

He attends to the small details and is always able to communicate clearly to the staff and subcontractors the needs of the clients. He is willing to fulfill their wishes and desires to complete satisfaction.

It is a pleasure to associate with Tim and his staff, and we are honored and have pride in our opportunity to work with him in achieving his objectives and goals.

Sincerely,

Matthew Wharton
